"There are few hours in life more agreeable than the hour dedicated to the ceremony known as afternoon tea".....

LOOSE LEAF TEA SELECTION

BLACK TEAS

Assam

A fine tippy black tea from the Assam region of India. The carefully formed long leaves are full of golden tips from the youngest shoots of the tea bush and bursting with rich, malty flavour. A fortifying pick-me-up at any time of day.

Earl Grey

A classic favourite: our Earl Grey blend combines refreshing Ceylon Orange Pekoe black tea with a generous helping of bergamot oil for a distinctive citrus aroma and wonderful zesty flavour. A refreshing accompaniment to afternoon tea (Sri Lankan Uva black tea, bergamot flavour).

Moor Hall Blend

A classic "Afternoon" blend of fine black teas; light, refreshing Ceylon Orange Pekoe, rich Assam and aromatic First Flush Indian Darjeeling, prized for its hints of muscatel and known as the champagne of teas. Pairs perfectly with sweet and savoury afternoon snacks. (Sri Lankan, Indian Assam Darjeeling and First Flush Darjeeling black teas). A tin of Moor Hall Blend loose leaf tea makes a perfect gift or memento of Moor Hall - you can buy an 80gsm tin from reception for £5.

GREEN AND HERBAL TEAS

Classic Green

Smooth, delicate Chinese Chunmee green tea that is full of flavours, without bitterness. Chunmee translates as "precious eyebrows" and this tea is thus named as the leaves are carefully rolled into eyebrow shapes. Green tea is thought to be high in rejuvenating antioxidants. (Chinese green tea).

Chamomile

Pure and simple chamomile. Full with a refreshing floral flavour, this herbal treasure is renowned for its relaxing properties. Treat yourself to a moment of calm.

Fruity Blend

Our fruity blend is brimming with vibrant berry flavours and colour, with just a hint of invigorating, zesty lemongrass. Vitamin rich and caffeine free, this blend is perfect for children too.

(Hibiscus, rosehip, apple pieces, orange peel, lemongrass, natural flavour).
